The most popular songs by emerging Canadian artists according to all-format audience impressions, On-Demand Streaming and Digital Song sales measured by Nielsen Music. To qualify for this chart, an artist must be Canadian and meet the CRTC 'A' definition (music or lyrics principally performed by a Canadian artist). Artists are considered emerging until 36 months after the date their first Canadian Hot 100 charting entry reaches the top 40 or for a Country song, 36 months after the date their first Country Airplay charting entry reaches the top 25. Artists that pre-date the Hot 100's June 2007 launch are judged on the historic CRTC regulations for Hit and Non-Hit. Once an artist has a title disqualified on these points, their entire catalogue is disqualified. ● Titles showing an increase in overall #points over the previous week, regardless of chart movement. 🍁 Indicates CanCon. ©2017, Prometheus Global Media, LLC and The Nielsen Company.
