The most popular songs by emerging Canadian artists according to all-format airplay audience impressions measured by Nielsen BDS and digital sales data compiled by Nielsen SoundScan. To qualify for this chart an artist must a) be Canadian and meet the CRTC 'A' definition (music or lyrics principally performed by a Canadian artist) and b) the selection must qualify as Canadian content (CanCon). Artists are considered emerging until 12 months after the date their first Canadian Hot 100 charting entry reaches the top 40. Artists that pre-date the Hot 100's June 2007 launch are judged on the historic CRTC regulations for Hit and Non-Hit. Once an artist has a title disqualified on these points, their entire catalogue is disqualified. ● Titles showing an increase in overall points over the previous week, regardless of chart movement. ♣ Indicates CanCon. ©2012, Prometheus Global Media, LLC and The Nielsen Company.

JAMES STRUTHERS STARTS STRONG

ARTIST SPOTLIGHT

By Paul Tuch

"What Are We Waiting For," the new single from James Struthers, is bubbling under the Hot AC format chart and the Canadian Emerging Artists chart.

The 22 year-old Manitoba songwriter and guitarist has released two EPs and criss-crossed the country five times. He previously charted in December,

peaking at No. 11 on the Mainstream AC chart with the holiday single "Blue Christmas."

He has recorded a full-length album due for release this spring with WCMA award winning producer Arun Chaturvedi, from which the single "What Are We Waiting For" appears. The song has a number of early believers at radio, including CHUM-FM Toronto, CKCE Calgary, CFLY Kingston, CHBE Victoria, CKPT Peterborough, CIOO Halifax, CJMJ Ottawa, CJCH Halifax and CHQM Vancouver.

Struthers just wrapped up a Reading Week tour in March and will be heading out on a 50-plus date national tour beginning in Brandon on April 14th.
